Dear Svein

I'm winnie from Shanghai.I hope you still remember me.

I just come back to Shanghai on 28 July after a long time trip on Russia.I had a fantastic trip in the past one month.I want to share some interesting stories on my trip with you if you like.Maybe some pictures or some words.In fact,I always think of you while traveling.

How are you my dear friend.I guess you must have got stronger and go by walk faster.you can do everything if you want because you are a super man in my mind.It just like a dream in Bergen.I met you and got so much from you.I felt so happy in your island. Everything i got from you will store in my heart as precious memories.You give me wisdom and strength and you are my Confucius.

I really hope to keep touch with you by email and get some information from you.

Best regards
Sincerely yours
